Stanton College

Commencement Week.

The following is an announcement of the commencement week activities at Stanton College, Stanton, Ky., May 22-30.

May 21, Tuesday, 7:30 P. M.—President's reception of the Senior Class.—College Manse.

May 25, Saturday, 2 P. M.—Recital by the pupils of the Music Department—College Chapel.

May 25, Saturday, 8 P. M.—Bible Reading contest—College Chapel.

May 26, Sabbath, 11 A. M.—Baccalaureate Sermon to Graduating Class.—College Chapel.

May 27, Monday, 8 P. M.—High School play, "Mr. Boh."—College Chapel.

May 28, Tuesday, 8 P. M.—Concert by Stanton College quartet.—College Chapel.

May 29, Wednesday, 8 A. M.—County Eighth Grade Commencement.—College Chapel.

May 30, Thursday, 8 P. M.—Stanton Commencement exercises Address by Prof. M. E. Ligon, principal Lexington High School.—College Chapel.

After Food Profiteers.

Extortion and profiteering in wheat flour substitutes is charged by Fred M. Sackett, Federal Food Administrator for Kentucky, in a letter addressed to the County Food Administrators. The sending of the letter marked the beginning of a drive by the Kentucky Food Administration to bring the price of corn meal, corn flour and barley flour within reason. The substance of Mr. Sackett's letter is that prices must be reduced, and that dealers who fail to do so must be reported forthwith to him for summary action.

Wheat flour has been selling at 6 2-3 cents a pound retail while corn flour and meal sell higher, and Mr. Sackett says they can be sold for from 16 to 20 per cent. less than wheat flour.

Keep Out of the Ditches.

Road Supervisor H. C. King is said to have put his portion of the Hardwick's Creek road in the best of condition. He graded it with the Russell road machine. Complaint is being made that wagons are running in the ditches. Mr. King says he cannot possibly keep this road in repair unless the practice of driving in the ditches is stopped.

Locating in Ohio.

The Rev. and Mrs. G. W. Kerstetter leave in the morning for northern Ohio where the Rev. Kerstetter will engage in pastoral work. These people had charge of the Orphan's home for the past few years, so the closing of this school and the sale of the property ended their work here. They made many friends while here and leave with the best wishes from all our people.

Mr. John Scott Injured.

Mr. John Scott was thrown by an unruly mule and badly hurt about the head and in one shoulder on his farm two miles from here. He has sufficiently recovered to be able to be in town Tuesday. For some time after the accident he lay unconscious until picked up by Daniel Larson, who lives on Mr. Scott's place.

Road Work to Begin Monday.

Work on the Clark county line road will begin Monday. As many teams have been engaged as can be used at the beginning. More will be added as room can be made for them. The whole construction work will be in the hands of Powell county people. It is the aim of the builders to let this road, when completed, stand out as a mark of credit to home talent, as it is their aim to employ altogether home people. They can do the work, and why not let them? If this is done, when the road is completed, we will not only have the road, but the money it cost to build it, and the state will pay three-fourths of the cost. Could we want a better thing.

Decrease in School Census.

The city school census recently taken shows 206 pupils of school age between 6 and 18 years. This is a slight falling off from the last taking, but it is caused by the age limit being taken from 20 to 18.

A further reduction is caused by the closing of the Orphans' Home which two years ago had 31 children of school age. The reduction in the number of scholars does not signify that there will be any decrease in the total amount of money received from the state school fund, as whatever reduction made in number of pupils will be made up in the per capita increase made possible by this reduction over the whole state.

Curtailing New Machinery.

Nearly 2,000 types and sizes of farm implements which have been gradually developed by manufacturers during peacetime competition have been recommended for elimination during the war by committees of the National Implement and Vehicle Association. The object, according to a statement by the Council of National Defense, is to conserve materials, labor, capital, and manufacturing facilities.

Big Frost 30 Years Ago Today.

This day thirty years ago, as we remember well, a killing frost visited this county, biting corn to the ground, killing potato tops, stripped walnut trees of leaves and bloom and killed every kind of fruit growing. It did far greater destruction than the snow which was six inches deep and fell on the night of May 19, 1894, and the weather was much colder.

No Fishing During All of May.

The new fish and game law forbids the catching of fish in any manner whatever during all of the month of May. This is done to protect the fish during spawning season which if disturbed during this period will destroy millions of eggs and cause a shortage of fish later.

Dr. Blair in France.

Dr. Fred Blair has arrived safely in France, according to a card received by his sister, Mrs. A. T. Whitt, last week. He has nothing but the very best wishes of many friends in Clay City where he has frequently visited.

The morning train from Winchester to Jackson, which has been passing here at 8:45, has changed time and will arrive here about one hour later.

Please Bear With Us.

The fact that the editor is unable to get proficient help on the Times, and that we are unusually busy and will be for the next three months, must be taken into consideration when there are any irregularities in the appearance of the Times during these weeks. We are going to do our best to produce the best paper possible and to build the best road possible, and to do both at a price the people of Powell can afford to pay, and to see that you will not have to wait as long for your paper again as you have had to wait for the road.

Please bear with us and be patient in this time of general need, the publisher's short coming, and the crisis of the nation. We will appreciate it and are sure you will when fall comes and the Times appears as the best paper in eastern Kentucky, taking the facilities, at our command, into consideration.

Building Herd of Holsteins.

Charlie Welch received a pair of nice Holstein calves Friday. One male calf and one heifer. They are pedigree stock, and cost \$100. One of them is but two weeks old while the other is but a few months old. Mr. Welch has two yearling Holsteins. He is building up a herd of these fine dairy cattle. He, like everyone else in the county that has been shipping cream, has found that it pays better than any other kind of farming. The skim milk makes pigs grow to fill the purse on one side while the cream attends to the other side.

Clay City People Entertained.

Misses Fannie and Nannie Sewell entertained at their home on Alabama street Friday with a charming 6 o'clock dinner in honor of the eighty-fifth birthday of their mother, Mrs. Olivia Sewell. Among those present were Mrs. J. H. Eaton, of Clay City; Mrs. H. G. Walters and Miss Millie Skinner, of Waltersville, sisters of Mrs. Sewell; Mrs. Sarah Eaton and James Curry, of Clay City, her niece and nephew; William Sewell, Miss Ruth Sewell and Mr. and Mrs. Willis Blackwell and their four children.

There was an elaborate menu served and the affair was greatly enjoyed. Mrs. Sewell is one of the most beloved old ladies of the community.—Winchester correspondent Lexington Herald.

Will Oppose Ollie.

Dr. Ben L. Bruner, of Louisville, will seek the Republican nomination for U. S. Senator to oppose Senator Ollie M. James. Mr. Bruner is very popular with his party. He once made a brief talk in Clay City when the Louisville boosters were here several years ago.

Good Rains Fall.

A fine rain fell Monday, thoroughly wetting the ground. It was badly needed to bring up corn and help the grass. While a little cool since, it is remarkable to see how quickly it is bringing out all things growing in the fields and pastures.

Loses Valuable Cow.

Jas. G. Rogers had a fine cow to get cut on a barb wire fence Monday and die by bleeding to death in just a little while. The cow was easily worth \$100.

Get You Piece of Road to Build.

For the benefit of some persons who seem woefully distressed about the road contracts recently awarded in this county, the Times will say that these persons can get a like contract for the same price. There are now eight more miles approved for construction, and the court is anxious to receive bids on it. The contractors who bid in the three miles offered to sublet the work and further offered to give \$100 to any one who would relieve them. No one has yet offered to do it.

Tools, cement, explosives and every article of construction, costs from two to four times as much as one year ago. Labor and teams are higher, yet the price for the road is just the same, and the county will get back from the state three-fourths the cost of construction.

Building Herd of Holsteins.

Charlie Welch received a pair of nice Holstein calves Friday. One male calf and one heifer. They are pedigree stock, and cost \$100. One of them is but two weeks old while the other is but a few months old. Mr. Welch has two yearling Holsteins. He is building up a herd of these fine dairy cattle. He, like everyone else in the county that has been shipping cream, has found that it pays better than any other kind of farming. The skim milk makes pigs grow to fill the purse on one side while the cream attends to the other side.

The scheme of the Fiscal Court, which seems clear to our minds, is to build roads in the county to the best benefit of the people, to do so as cheaply as possible, and when the bond money is spent to spend it in conformity with the promise made the tax payer when the bonds were voted.

Above the Average.

Kentucky farmers now have a prospect for 13,381,000 bushels of wheat this year, compared to 9,000,000 bushels last year, unless bad weather or crop pests should seriously interfere, according to report of U. S. Department of Agriculture. Wheat now looks fine throughout the state, and farmers report a condition of 101% on the bases of 100% representing what they would have expected under reasonably favorable conditions. The condition May 1, 1917 was 69%.

There are 933,000 acres of wheat in Kentucky this spring, after allowing 2% off for abandonment. Last year 750,000 acres remained for harvest in this state after 16% of the crop had to be abandoned.

Judge Adams Sued for Damages.

Judge J. P. Adams has been made defendant in a \$50,000 damage suit filed by A. Floyd Byrd in the Breathitt Circuit Court. Byrd charges Judge Adams with hostility toward him clearly demonstrated on the bench and in private life, and in his petition filed against Adams recites a number of instances indicating it. Attorney Byrd is well and most favorably known in this county where he is often engaged in important cases and suits, and in his practice here he has gained the reputation of being an honorable and capable practitioner.

Dr. Goodwin to be Here.

Dr. J. E. Goodwin, the dentist, will be in Clay City May 20 for ten days practice of his profession. See him at the Central Hotel.

Red Cross' Second Campaign

For War Relief Fund.

During the week beginning May 20 and ending May 27 the people of this country will again be asked for contributions for the support of the work of the American Red Cross. This is the week for the second campaign for War Relief Funds. One year ago the Red Cross organization asked the people of America for one hundred million dollars. They gave it, more than gave it, and gave it willingly. But that one hundred million could not always last. With necessary gigantic outlays for relief work their funds are exhausted and they are compelled to come to us again or drop their work.

One hundred millions every year during war times for the Red Cross may seem a large sum. But is it? The outlay of our Government this year for war purposes is approximately ten billions. At this rate we are asked to contribute for relief work and reconstruction through the Red Cross one dollar for every one hundred dollar the Government spends directly to prosecute the war.

Powell county must do her part, and she will do it. We have been asked to contribute \$2,000 as our share. To raise our quota may require some sacrifice but sacrifice is the spirit of America just now. Powell county lifted \$45,000 worth of Liberty Bonds during the last campaign. The most unselfish thing that we can do is to give at least one twentieth of that amount to the Red Cross for their relief work in this present war. It must be remembered too that in the one hundred million dollar campaign last year the local chapter was not organized and Powell county gave nothing. We ought to do double duty this year.

We are organizing the county that workers may be in every section and every home may be visited. Don't say "I can't." Suppose the boys in the trenches said that. They are offering life. We are only asked to give our money.

Put yourself in place of the boys at the front. Put yourself in place of the homeless in Belgium and in France. Put yourself in place of the starving Americans, all which relief work the Red Cross is doing and a great deal more, and then "do unto others as ye would that they should do to you."

This is not a campaign for members for the Red Cross. It is a campaign for funds. Everyone must contribute as he is able. A few must give large sums, a great many must give medium amounts and all must give something to make the campaign a success. Be ready to give the canvasser a welcome and the Red Cross a boost when you are called upon next week.

Very respectfully,
J. Kelly Giffen,
Powell County Mgr. Second
War Fund Campaign.

C.-J. Finds Remedy.

Everyone knows what a time all publishers are having to get papers to subscribers in other states and foreign lands. This is probably caused by the curtailment of mail clerks at the same time of an increase of mail matter. At any rate there is a universal complaint among subscribers about not being able to get papers promptly, or not at all.

The old reliable Courier-Journal, to right these conditions so far as it concerns that paper, has gone to sending the overseas edition of its paper by first class mail. Costs more, but then it is as safely handled as letters and does not fail to get there.

The farmer is coming to his living now with plenty of onions, lettuce, radishes, greens and rhubarb for the past several days; how to be supplemented with strawberries, and a little later with beans and potatoes.

THE TIME

J. E. Burgher, : : Publisher.

Entered as second-class mail matter at the Post Office at Clay City, Ky., under the Act of Congress of March 3, 1879.

A HOME-MADE PAPER

THURSDAY, MAY 16, 1918

SUBSCRIPTION RATE,
ONE DOLLAR PER YEAR.

We saw in an exchange the other day the item below which has been our conception of the situation from the beginning:

"Surely the future looks black enough, yet it holds a hope, a single hope. One, and one power only, can arrest the descent and save us. That is the Christian religion. Democracy is but a side issue. The paramount issue underlying the issue of democracy, is the religion of Christ and Him crucified; the bedrock of civilization; the source and resource of all that is worth having in the world that is, that gives promise in the world to come; not as an abstraction; not as a huddle of sects and factions; but as a mighty force and principle of being. The Word of God, delivered by the gentle Nazarene upon the hillsides of Judea, sanctified by the Cross of Calvary, has survived every assault. It is now arrayed upon land and sea to meet the deadliest of all assaults, Satan turned loose for one last, final struggle."

There is yet hope. From the proclamation issued by President Wilson, actuated by a resolution of Congress printed in this issue. Christian people of this fair land of ours, get great consolation. The guidance of an all-wise creator alone is our salvation. We regret that prior to a few months ago the Christian status of the nation at war seemed bad. The initiative by America turning to God in the sad hour of distress should serve as an example to other nations. A Christian army, attacking in the name of the Lord, with a prayer for His will to be done in the breast of every soldier can know no defeat.

"Kindly Kvit Kussin" is the slogan adopted by the Y. M. C. A. to discourage this habit among soldiers at the cantonments and it is said to be having an appreciable effect.

The Young Men's Christian Association is doing more to the moral and Christian uplift of our boys than any other agency under the sun, it seems. This association looks to the betterment of the after man. It teaches very forcefully the language of the Savior to fallen man: "And fear not them which kill the body, but are not able to kill the soul; but rather fear Him which is able to destroy both soul and body in hell."

What consoling thoughts to those

who are also "soldiers of the Cross." Far better than cuss words if they are not in such common usage.

The liquor people are singing their dying song as it regards the sending of their goods into dry territory. All the Clay City boys got their solicitation for a wet goods order Saturday. One concern bewailed the situation in part by the following language:

"Our farewell letter to friends and customers."

"Kind Friend:

"A great change will take place in a short time, a change which will deprive you of liberties, as on June 17th, 1918, the Anti-liquor Shipping and Carrying Law, recently enacted by the State Legislature, goes into effect.

"Of course, you will realize that your personal liberty is being taken from you by the dry agitators, and the only way you can change this Un-American Law will be to vote against State-wide Prohibition, when the question comes up to be voted on in November 1919, and thereby regain your rights and privileges. In the meantime, after June 17th 1918, no one in dry territory can lawfully obtain liquor in any manner for personal use."

A great pity, too, but we do not expect to see any one suffer because they do not get their liquor. On the other hand, hundreds have suffered because they have been getting it. We thank that old Legislature from the very bottom of our hearts for passing this law.

An effort is under way in the Senate to secure an agreement for a vote in the Senate on one year's suspension of increases on publishers' second-class postage rates, which become effective July 1. Says a dispatch from Washington. And just to think many of the papers behind this move have doubled their business by increased subscriptions and patriotic advertising and now object to increased postage rates. Where, oh where, is the slacker. The boy that feels he has no interest in the war and tries to evade conscription is a high patriot as compared with these profiteer slackers, who try to evade a small increase of postage along with other increases necessary. Shame on you, Brethren of the press, who are guilty, and do not be so loud in condemning the conscript slacker from this time on.

If there could only be a good oil well drilled in Powell and Estill counties every time there is an oil company organized at Lexington and Winchester to operate in these counties, the production would certainly be substantially increased, and the combined acreage they all would have in these counties as reported would make each county as large as Kentucky, it seems.

Bernstorff's son has married an American. The only defense for the American woman is that she had married so often—her third try—she had become reckless.

Scarcely had the returns from the bond sale been announced until Congress was advised that taxes must be increased to meet the unexpected expenses coming up. The expenses for the coming year is estimated to be \$19,000,000,000. All income taxes will most likely be doubled as means of raising the money. While additional bond sales will be made from time to time.

Only a few years ago the newspaper headline "Battle of Tanks" would have meant nothing more than a "free-for-all" fight in a saloon.

Pedestrians can stop worrying. Gasoline jumped up another cent and a half Saturday, and is squatting for a further spring.

Appropriate Memorial Services.

All the people of this nation are asked to gather at their respective places of worship Thursday, May 30th, and pray to God for His mercy and blessings upon us as a people in this sad hour of distress and need for divine help. The proclamation of President Wilson issued in response to a resolution by Congress follows:

"Whereas, the Congress of the United States, on the second day of April last, passed the following resolutions:

"Resolved, by the Senate (the House of Representatives concurring,) that it being a duty particularly incumbent in a time of war humbly and devoutly to acknowledge our dependence on Almighty God and to implore his aid and protection, the President of the United States, and he is hereby requested to recommend a day of public humiliation, prayer and fasting, to be observed by the people of the United States with religious solemnity and the offering of fervent applications to Almighty God for the safety and welfare of our cause, His blessings on our arms, and a speedy restoration of an honorable and lasting peace to the nations of the earth."

Whereas, it has always been the reverent habit of the people of the United States to turn in humble appeal to Almighty God for guidance in the affairs of their daily life;

Now therefore, I, Woodrow Wilson, President of the United States, do hereby proclaim Thursday, the 30th day of May, a day already fraught with sacred and stimulating memories, a day of public humiliation, prayer and fasting, and do exhort my fellow citizens of all faiths and creeds to assemble on that day in their several places of worship and there, as well as in their homes, to pray Almighty God that He will forgive our sins and shortcomings as a people and purify our hearts to see and love the truth, accept and defend all things that are just and right, and to purpose only those righteous acts and judgments which are in conformity with His will; beseeching Him that He will give victory to our armies as they fight for freedom, wisdom to those who take counsel on our behalf in these days of dark struggle and perplexity and steadfastness to our people to make sacrifice to the utmost in support of what is just and true, bringing us at last the peace in which men's hearts can be at rest because it is founded on mercy, justice and good will.

Without doubt, the best way to get rich quick is to go slow.

Read our classified ads. It pays.

SLADE.

Jas. McKnabb has returned home from Middletown, Ohio.

Mr. and Mrs. James Proffitt, visited relatives in Wolfe county last week.

Measles are still plentiful, but all are doing very well. All of our sick are improving, except Mr. McDaniel. His condition is about the same.

Farmers are busy and very much behind with their work. People here are having trouble to get help enough to plow their gardens, much

less enough to raise corn and other crops. Every body with a team hauls for the oil people.

Citizens here are working to get a road across the hill to the oil fields. This road is badly needed, and is the shortest route by far to get into this new territory. A boarding house and depot are badly needed to care for travelers and freight unloaded at Slade.

Seiners are plentiful here, and if carried on as it has been, there will be no fish left in Middlefork. Some argue that seining is no violation of law, but any one with common judgment knows it won't take long to seine every fish out of small streams like this one.

Our Sunday School honored mothers' Sunday by wearing the flower in honor of her, and mothers never needed cheer or honor more than today, and women never stood in the sphere before that they now stand. They will never be servants as they once were, but are showing the world that they are willing to make sacrifices, even going into battle. Why not honor them?

Some time in January Connie Faulkner placed her name and address in the toe of a pair of socks knitted for the Red Cross, and recently she received a letter of thanks from a soldier boy, Reich L. Wattersen, Camp Sherman, Ohio, telling her these socks were given him by the Red Cross during the bitter cold weather last winter, and how much he appreciated them. This is only one of the many millions helped by the Red Cross. Who can say, "no, I have no money for this noble cause," and the readers of the Times would be very thankful if some one at Stanton would send in the names of our boys from Powell now in service. Not a single person in Powell county can give their names without going to the office to get them, and we heard a soldier boy say they received less encouragement and honor in Powell than any place he had been, and he has been in many states, and a Powell county boy too.

But, boys remember there is a regiment of prayers backing you, going up continually from millions of mothers, wives, sisters and sweet hearts that all the barbarous Germans that ever lived or ever will live can conquer. This army can never be suppressed, neither will God turn a deaf ear to their prayers. Every home should have a service flag that has a boy in service and should be honored by members of the family by wearing a service pin and the mother who is honored with more stars than one should be proud indeed of her boys.

GENET

The recent rains made good season for transplanting here.

John Mullens has rented 20 acres bottom land from W. M. Morton.

H. S. Martin, Notary Public, was a business visitor at Filson last Saturday.

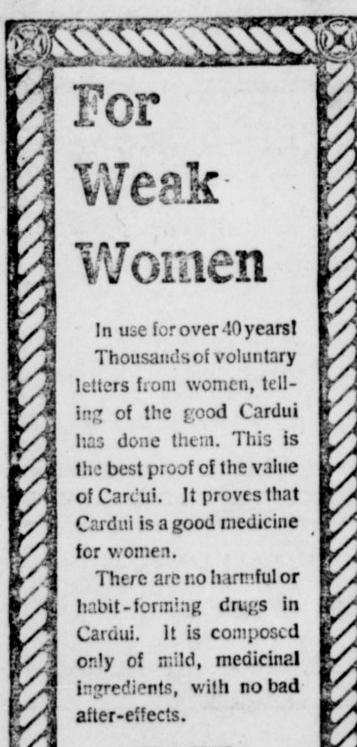

Cliff Holmes, who has been connected with an iron furnace at Hamilton, Ohio, is home on a visit.

N. S. Martin, of Filson, was here last Monday making up money to improve the Cow Creek road, leading from Filson S. W. to the oil fields.

A good sum of money has been made up to improve the South Fork road leading from Filson S. E. to the power house on Sand Lick. That's good news. Before the oil boom struck Powell county you could not haul a board sled over that road loaded with a peck of walnuts.

SPOUT SPRING

J. W. Swope, of Clark county, was here last week looking for some

You can rely on Cardui. Surely it will do for you what it has done for so many thousands of other women. It should help. "I was taken sick, seemed to be . . . writes Mrs. Mary E. Veste, of Madison Heights, Va. "I got down so weak, could hardly walk . . . just staggered around. . . . I read of Cardui, and after taking one bottle, or before taking quite all, I felt much better. I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when rundown. I had no appetite, and I commenced eating. It is the best tonic I ever saw." Try Cardui.

S. G. Baker was in Lexington Tuesday.

L. P. Keith was in Lexington Wednesday.

Edmund Seales, of Winchester, was here Tuesday.

Mrs. M. Rose returned Wednesday from Winchester.

Judge D. R. Daniel was in Frankfort Saturday on official business.

J. A. Rogers, of Xena, was here Friday with his son, O. F. Rogers.

Willie Crabtree, of Dayton, Ohio, is home for a few days stay with home folks.

W. S. Collier, of the Artisans Oil & Gas Company, was in Winchester Tuesday.

Dr. W. C. Martin visited his parents, Mr. and Mrs. J. L. Martin, at Rosslyn Sunday.

Miss Ethel Johnson spent the week end with the Misses Heironomous at St. Helens.

Mrs. Park, of Winchester, spent Saturday with her sister-in-law, Miss Elizabeth Park.

Mont Johnson, of Winchester, spent a few days with relatives in the county last week.

Clarence Sommers, who had entered this field for drilling, has been called to Irvine to enter the draft.

Little Miss Helen Pherigo is spending two weeks with her grandmother, Mrs. Belle Pherigo, at Lexington.

Mr. and Mrs. James French, of Montgomery county, were Sunday the guest of Mr. and Mrs. R. L. Tipton.

Mrs. H. H. Pherigo spent from Saturday till Monday with her mother, Mrs. W. A. Berry, at Indian Fields.

Judge A. T. Knox, of Thomson, Clark county, was here Friday. He reports that he is well pleased with his fine bluegrass farm.

John Swope and James Finney, of Clark county, were here Tuesday after seed corn from some of our farmers who have it not only for themselves but their neighbors as well.

Mrs. Ellen McKinney visited in Winchestar Tuesday. Her little grand daughter, Miss Elizabeth Barnett, who had been visiting there for two weeks, returned home with her.

Mrs. W. H. Overly and daughter, Miss Katherine, visited her sister, Mrs. H. H. Pherigo, Friday, and went from here Saturday morning to visit her mother, Mrs. W. A. Berry, near Indian Fields.

Victor Petitt has taken the agency for the Lexington Herald and will deliver the paper each morning after the train runs. The Herald is the only morning paper to reach this city before in the afternoon.

All the remaining white men in the quotas of the second draft call will report at Camp Zachary Taylor May 25 to 29th. The call from Powell county is 29 men. Clark will send 34 and Montgomery 10; Estill 49.

Swift's Son-in-Law in Bad.

James Minotto, son-in-law Louis F. Swift, the packer, was arrested Monday on pro German charges. However pro German he may be, he is not harming the American people anything to compare with "Fawthea-in-law" who handles the meat that the profit on which is causing hundreds to go hungry because they cannot pay the price.

More Y. M. C. A. Men Needed.

Assistant Y. M. C. A. State Secretary C. A. Tevebaugh, of Louisville, addressed a meeting of Y. M. C. A. workers at Camp Zachary Taylor Monday morning relative to the urgent need for Army Y. M. C. A. men, both for overseas and American cantonment service.

There are now 3,003 army work secretaries employed in cantonments in this country and 2,335 in the service with the Allies in the foreign field.

America must recruit 1,200 men per month for duty overseas and Kentucky is one of fifteen States in the Central Army Department which must furnish twenty men as its quota for this service and ten men per month for work in the home cantonments.

The state-wide recruiting drive is now on and the men who will go into the highways and byways of Kentucky with greater effort.

Bowen, 6:30 " "
Rosslyn, 7:30 " "
Stanton, 8:30 " "

Railroad Rates to Advance.

An increase of about 25 per cent. in freight and passenger rates has been recommended to Railroad Director McAdoo by his advisers to meet the higher cost of railroad supplies and the advancing wages. If the increase of 25 per cent. is ordered it will be the biggest advance in the history of American railroads.

STOP COUGHING

The simplest and best way to stop coughs, is to take Foley's Honey and Tar

You get the curative influence of the pine balsam together with the mollifying effect of the honey, and other healing ingredients. It leaves a soothing coating on the inflamed tickling throat, raises phlegm easily and puts a quick end to hard wearing coughs.

R. P. Fall, Mabe, Va., writes: "One bottle of Foley's Honey and Tar stopped a troublesome bronchial cough and irritation that had bothered me for fifteen years. Your dealer sells it. Try it."
